MARK DEMPSEY, Missouri Ruralist

WES HAYES, Weekly Star Farmer

A HERD WITH A HISTORY SELLS!

The decision to disperse the Roanridge registered Shorthorn herd was made suddenly and there has been no opportunity to improve the flesh or condition on the cattle. The herd is rich in top Shorthorn bloodlines, and was made up largely of the top breeding and individuals from the famous Sni-A-Bar Farms herd.

Roanridge registered Shorthorns as a herd was founded more than 50 years ago by the late W. A. Cochel who devoted his lifetime to the improvement of the livestock industry. He made a generous contribution to better livestock in general and to better Shorthorns in particular, operating and building the Roanridge Shorthorn herd continuously until his death four years ago. The herd has been operated as a unit since Mr. Cochel's death by the Roanridge Rural Training Foundation and has been under the able managership of Arlo Cottrell for the last 16 years.

Featured in this herd is the get of SUNSET BOUNCE 26th, son of the great breeding sire Cruggleton Bounce, and the get of CALROSSIE CAPTAIN JOHN, sired by the famous Calrossie Welcome. Daughters or granddaughters of these two outstanding bulls make up two-thirds of the females in the sale, and the dams of several other sale individuals trace to these two outstanding sires. Sunset Bounce 26th sired Roanridge Baron, reserve champion Shorthorn steer at the 1954 American Royal.

BREEDING INFORMATION: Due to the sudden decision to have this sale the breeding information not in the catalog will be given on a supplement sheet at sale time.

REGULATIONS: Every known defect of the cattle selling will be called to the attention of the buyers. Since this is a dispersion the cattle will be sold without further guarantee.

TERMS: Each animal will be sold to the highest bidder and the auctioneer will settle all disputes as to bids. Each animal will be at the purchasers risk as soon as sold, but will be taken care of a reasonable length of time to the best of our ability. Terms of the sale are cash. Mail bids may be sent to the sale manager or special representatives.

HEALTH OF HERD: The herd is in excellent health. All cattle will be tested for T.B. and Bangs within 30 days of the sale. Any cattle failing to pass these tests will be announced at sale time. Official calfhood vaccination has been practiced. The Roanridge herd is operated under the Missouri State health program and has been tested as clean. All females that are old enough have been vaccinated for bangs.

SALE MANAGERS: Act only as agents and assume no liabilities, legal or otherwise, except to help in any way possible to make adjustments, should such be necessary.
